EDUCATION

B.Sc. in Software Engineering, Addis Ababa Science and Technology University

09/2021 – Present
Addis Ababa, Ethiopia

- Relevant Coursework: Internet Programming, Database Systems, Object oriented programming(Java), Operating Systems, Mobile Computing, Computer Graphics, Embedded Systems, Artificial Intelligence and Machine learning.

Coding Academy (Backed by Google), Africa To Silicon Valley

01/2025 – 11/2025
Addis Ababa, Ethiopia

- Relevant Coursework: Advanced Data structures and Algorithms (Graph and Tree Algorithms, Advanced String Algorithms).

PROFESSIONAL EXPERIENCE

Frontend Developer, Intern, Eskalate LLC

07/2025 – 08/2025
Addis Ababa, Ethiopia

- Led and coordinated a team of 5 front-end developers using Agile methodology, delivering production-ready platforms.
- Developed NewsBrief, an AI-driven news summarizer delivering offline Amharic/English news briefs to 1,000+ users, improving information accessibility in low-connectivity regions.
- Designed and implemented performant, accessible Next.js frontends with Tailwind CSS and RTK Query, optimized for reliability under limited connectivity conditions.

PROJECTS

Hackathon Backend Project – Sisterhood Connect

11/2025

- Node.js · Express.js · Cloudinary · MySQL
- Built backend services for a women's tech networking platform.
- Implemented secure authentication, file uploads (Cloudinary), user roles, and scalable routing structure.
- Collaborated with a team to ship a fully functioning MVP under time pressure.

Evangadi Forum

10/2025

- Node.js · Express.js · MySQL
- Built RESTful APIs for **user authentication, questions, and answers** with JWT-protected routes.
- Implemented **CRUD operations** for questions and answers with proper error handling.
- Integrated **MySQL database** and **bcrypt** for secure password storage.

A2SV Application Platform

08/2025

- Developed the frontend for a student application platform, replacing unstructured Google Docs with a scalable system used by 500+ users.
- Implemented role-based UI for applicants, reviewers, managers, and admins, reducing submission and review time.
- Optimized backend API integration for faster page loads, improving performance and user satisfaction.

SKILLS

Programming Languages

Python, Java, C++,PHP,SQL, Javascript, HTML/CSS

Developer Tools

Git, Github, Postman, Jira, Vs Code

Frameworks and Tool

Node.js, Express.js,Next.js, React.js, Tailwind CSS, MySQL

ACHIEVEMENTS

- Recognized on **President's List** at Addis Ababa Science and Technology University for maintaining a 3.83 GPA, ranking in the top percentile of the class. 24/05/2025
- Completed the **12-session Node.js Track Course** at NEJM Student Developers Association (NSDA), demonstrating commitment and practical backend skills. 07/12/2025
- Received **Certificate of Appreciation for participation in the NSDA Mini Hackathon**, showcasing creativity, problem-solving abilities, and teamwork under time pressure. 07/12/2025
- Solved 500+ problems on LeetCode and Codeforces — Strengthened competitive coding techniques, mastering data structures and algorithms.
